

From the first touch, each Zalto glass distinguishes itself from all other glasses. From the perfectly executed balance to the extraordinary design, the achievement of the Denk` Art line are glasses that seem nearly too delicate to hold, and yet they are made for just that. This is glassware that stands at the rarefied point where form meets function. This is art.

Alle glazen zijn verpakt in de mooie doosjes van 1, 2 of 6 glazen.
